1. These General Poker Tournament Terms and Conditions are meant to be read and followed in conjunction with Wynn's standard poker tournament rules, and each individual Tournament event's (may be referred to as "Event" or collectively as a "Tournament") Terms and Conditions and Structure Sheet. In the event there is a conflict, these Terms and Conditions shall prevail.

Players registered as an "alternate" will receive a seat assignment from the Tournament Staff when seating becomes available. In events where applicable, the tournament chip stack of players who have received a discount for early registration will be put into play at the start of the event.
8. At the conclusion of the registration period, all paid entries (including alternates) who have yet to be seated will be assigned a seat and their Tournament chips will be put into play.

Tournament Action Clock General Terms and Conditions

1. Dealers will initiate the start of the Tournament Action Clock upon the completion of the deal. Time will begin for a player once the natural flow of play has come to a brief pause pending their action and be reset to the corresponding time for the next player to act.
2. Prior to the tournament being “in the money”, players will have fifteen (15) seconds on their Action Clock preflop.
3. Once the tournament has reached “the money”, players will have twenty (20) seconds on their Action Clock preflop.
4. Once the tournament has reached a single table (the “final table”), players will have thirty (30) seconds on their Action Clock preflop.
5. In the event that the final table is reached prior to making the money, players will have twenty (20) seconds on their Action Clock preflop and thirty (30) seconds once the money is reached.
6. Once a player has voluntarily placed chips into the pot, the Tournament Action Clock will increase to thirty (30) seconds for each subsequent action of that player until the hand has concluded.
7. The small and big blind are forced bets and are not considered voluntary.
8. When a bet or raise has been made, the dealer will count and announce the bet or raise (including All In bets) prior to starting the Action Clock for the next player.
9. To facilitate the smooth operation of the tournament, all tournament chips must remain in full stacks of twenty (20) chips, when available.
10. When breaking a table, a player must keep their time extensions and tournament chips in plain view while traveling to their new seat.
11. Each time extension will add an additional thirty (30) seconds to act.
12. Players will receive time extension chips at predetermined stages (set level or remaining number of players) as outlined below for each specific event.
13. Players are required to keep all time extension chips visible and on the table at all times.
14. Players will automatically lose one (1) time extension each time the Action Clock reaches zero (0), and will be instructed by the dealer to turn in the corresponding amount of time extensions used at the completion of their action. Players are not responsible for placing a time extension chip into the pot in real time.
15. In the event that a player does not have any time extensions remaining and the Action Clock reached zero (0), the player’s hand will be declared dead (or the player will be forced to check if facing no action).
16. Once implemented, the Tournament Action Clock will be used until the completion of the event and will not be suspended.
17. At the conclusion of play each day, any unused time extension chips will be placed in the players’ tournament chip bag and will carry over to the next tournament day. Time extensions are to be treated with the same level of importance as tournament chips, and removal of time extensions may be subject to penalty up to and including disqualification.
18. See individual event rules for additional details.

All Tournament and Bounty prizes are included as part of the guaranteed prize pool of \$25,000 (the "Guarantee"). In the event that the number of Tournament entries do not generate at least the Guarantee the Tournament prize pool will be equal to \$25,000 less the total amount of entries multiplied by \$100 for the Bounty prize pool [$\$25,000 - (\text{total entries} \times \$100)$].

Players are responsible for keeping their own Bounty chips visible and on the table at all times during their Tournament play. A player who misplaces or loses their assigned Bounty chips will be required to replace them at their own expense. Failure to follow this rule may result in penalty, up to and including disqualification and forfeiture of Tournament and Bounty chips.

When a player is eliminated from the Tournament, the winner(s) of that hand will be awarded one (1) Bounty chip of each eliminated player(s).

Bounty chips are only to be used for purposes of the Bounty prize pool in this Tournament and will only be exchanged for a live poker chip as outlined below. Bounty chips have no cash value and cannot otherwise be exchanged or substituted. Each Bounty chip is assigned a value of \$100.

In the event multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the Bounty prior to the start of the hand will receive an equally split portion of the Bounty chip(s) of the eliminated player(s).

Removal of Bounty chips from the table or any attempt to manipulate or circumvent the Bounty chip exchange may result in penalty, up to and including disqualification.

Bounty Rules:

The Tournament will reward participants for eliminating another player (the "Bounty"). Each player who eliminates a Bounty from the Tournament will receive a prize (as outlined below) from the Bounty prize pool.

All Tournament and Bounty prizes are included as part of the guaranteed prize pool of \$100,000 (the "Guarantee"). In the event that the number of Tournament entries do not generate at least the Guarantee the Tournament prize pool will be equal to \$100,000 less the total amount of entries multiplied by \$500 for the Bounty prize pool [$\$100,000 - (\text{total entries} \times \$500)$].

Players are responsible for keeping their own Bounty chips visible and on the table at all times during their Tournament play. A player who misplaces or loses their assigned Bounty chips will be required to replace them at their own expense. Failure to follow this rule may result in penalty, up to and including disqualification and forfeiture of Tournament and Bounty chips.

When a player is eliminated from the Tournament, the winner(s) of that hand will be awarded one (1) Bounty chip of each eliminated player(s).

Bounty chips are only to be used for purposes of the Bounty prize pool in this Tournament and will only be exchanged for a live poker chip as outlined below. Bounty chips have no cash value and cannot otherwise be exchanged or substituted. Each Bounty chip is assigned a value of \$500.

In the event multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the Bounty prior to the start of the hand will receive an equally split portion of the Bounty chip(s) of the eliminated player(s).

Removal of Bounty chips from the table or any attempt to manipulate or circumvent the Bounty chip exchange may result in penalty, up to and including disqualification.

The Tournament will reward participants for eliminating another player (the “Bounty”). Each player who eliminates a Bounty from the Tournament will receive a prize (as outlined below) from the Bounty prize pool.

Each player who advances to Day 2 will be designated as a “Mystery” Bounty.

All Tournament and Bounty prizes are included in the Tournament guaranteed prize pool of \$1,500,000 (the “Guarantee”). In the event that the number of paid entries does not generate at least the Guaranteed prize pool, after the deduction of the Tournament fees and service charge, \$1,000,000 of the Guarantee will be designated for the Tournament prize pool and \$500,000 of the Guarantee will be designated for the Bounty prize pool.

In the event that multiple players eliminate a Bounty with the same winning hand, all players with a Tournament chip count equal to or greater than the eliminated Bounty prior to the start of the hand will equally split the corresponding Bounty prize.

On Day 2, a player eliminating a Bounty will receive a voucher for a “Mystery” Bounty prize. “Mystery” Bounty prizes may be redeemed by presenting the Mystery Bounty prize voucher to the Tournament staff located at the designated redemption location, at which time the player will randomly draw an envelope from the “Mystery Bounty” drawing drum to reveal their “Mystery” Bounty prize.

Once received, Mystery Bounty prize vouchers are the sole responsibility of the player. Lost or stolen Mystery Bounty prize vouchers will not be replaced.

“Mystery” Bounty prize amounts will be determined based on actual Tournament Entry Fees received and displayed in the Tournament area prior to the beginning of the Tournament restart on Day 2.

“Mystery” Bounty prizes will range in value from \$500 to \$100,000 and may include the following prizes:

If, at the completion of the additional hand, a players' chip total falls below the Milestone they are not eligible to receive the Tournament Prize until their chip total is once again equal to or greater than 150,000.

A Tournament Supervisor must be called to verify the tournament chip count of a player who is making a claim for a Tournament Prize. Players may request that a Tournament Supervisor count their stack at any time between hands.

A player who assists another in counting their chip stack or notifying them that they have reached the Milestone is not in breach of the rules.

To facilitate the smooth operation of the tournament, all tournament chips must remain in full stacks of twenty (20) chips when available.

Any form of collusion, including the removal of tournament chips from the table, may result in penalty up to and including disqualification.

Milestone Rules:

A player who is dealt into a subsequent hand after achieving the Milestone will be required to complete the hand prior to being awarded the Tournament Prize. If, at the completion of the additional hand, a players' chip total falls below the Milestone they are not eligible to receive the Tournament Prize until their chip total is once again equal to or greater than 140,000.

A Tournament Supervisor must be called to verify the tournament chip count of a player who is making a claim for a Tournament Prize. Players may request that a Tournament Supervisor count their stack at any time between hands.

A player who assists another in counting their chip stack or notifying them that they have reached the Milestone is not in breach of the rules.

To facilitate the smooth operation of the tournament, all tournament chips must remain in full stacks of twenty (20) chips when available.

Any form of collusion, including the removal of tournament chips from the table, may result in penalty up to and including disqualification.
