This game requires that players must use two (2) cards from their hand and three (3) cards on the board to make their best high or low hand. Players may use any combination of their four (4) cards in making either hand.
8. A player losing all of their chips may re-enter the tournament for an additional \$80. They will receive 12,500 in tournament chips. Players may re-enter until the end of the first break.
9. Players may surrender their stack at the end of registration. All chips in the player's current stack will be removed from play before they re-enter as per rule 8.
10. If there is an alternate list, the players on the alternate list will have the first option to play in the tournament before a player that wants to re-enter during the entry fee period. An alternate that has paid the entry fee will receive the next open seat. A player that is re-entering is considered a new player and will go to the end of the alternate list.
