Rules & Guidelines

Players must have a valid photo ID (21+) and a Casino Players Card to enter.

Multi-day event tournament registration opens two (2) hours prior to the start of the event.

All other event registration will open one (1) hour prior to start of the event.

All events have no limit on re-entries until the registration period is closed, except Freeze Out events where only 1 entry is permitted.

All events will be played 9 handed.

Players may surrender chips at any time during the registration period in any event and re-enter with a full stack.

Players who register late or re-enter will receive a full starting stack.

When "Big Blind Ante" is used it will be until the conclusion of the event. The Big Blind will post the entire ante amount. The Ante is posted before the big blind.

"Best stack forward" is not allowed in multi-day events.

Any player who is disqualified or ejected from an event for any reason is not entitled to a refund.

In the event that a tournament runs until the poker room closes for any reason, a standard ICM chop may be made between the remaining players or the remaining players may unanimously elect to return the next day to complete the event.

For the \$400 Kick Off, all Day 1's will play until the end of Level 16 or 11% (rounded up) of the field remains (TD Discretion) and players return on Day 2. Day 2 will begin at the earliest level completed among all Day 1's for the event. The final 9 players will return for Day 3 on Monday, December 13th, at 5:00PM for the Final Table unless those players unanimously agree to finish the tournament on Day 2.

For the \$1,200 Main Event, all Day 1's will play until the completion of Level 15 or approx. 13% of the field remains (TD discretion) and players return on Day 2. Day 2 will begin at the earliest level completed among all Day 1's for the event. The final 9 players will return for Day 3 on Monday, December 20th, at 5:00PM for the Final Table unless those players unanimously agree to finish the tournament on Day 2.

Play will stop on the money bubble. The tournament will move into "Hand for Hand" play. The tournament clock will not be stopped during this time. In the event of losing two (2) or more players at the same time from separate tables, the cash prize will be evenly split among players that busted out. (Losing players from the same table will go by chip stack). Table re-draw at 27 and 9 players remaining for multi-day events.

For the \$400 NLHE Bounty event, any player that eliminates another player will be given \$100 in value chips (the "Bounty") by the Tournament Director or a designee. Players that are eliminated who have collected Bounties retain them - they are not passed from the eliminated player to the player who eliminated them.

Players who receive a Bounty will keep the value chips off of the table at all times. Value chips will not be put into play or be a part of any pot during the tournament.

No agreement will be permitted to be made between players regarding the Bounties.

For the \$140 NLHE All In or Fold event, all players have two options when it is their turn to act: they can move "All In" or "Fold" their hand. Blinds will be posted as per the Structure sheet. When the action is on a player in a blind position, they have the same two options: either move "All In" or "Fold" their hand.

The Bally's Poker Room observes All TDA Rules except in instances that conflict with Colorado Gaming Law. A full copy of the Bally's Tournament Rules are posted in the Poker Room and available upon request.

Bally's reserves the right to change, alter, or cancel any tournament, structure and/or payout schedule at any time and at their sole discretion, with or without advanced notice. Bally's is not responsible for typographical errors.
